THE ASSASSINATION. The Investigation by the Judiciary Committee.

The Washington correspondent of the Cincinnati Gazette writes under date of the 28th of May: The investigations which has been in progress for year past have reached a point where they open n some new and startling chapters in the story of hat great mystery—the assassination. More than one hundred people are in this thing," were the words of one of the conspirators, as he was swang off into eternity-words thus sent back from the confines of another world, as if to urge upon the living a full solution of the tragedy. THE ASSASSINATION PLANNED FOR INAUGURATION

Spies in the Lodges of the Knights of the Golden Circle had revealed the fact that there was a plot to murder Mr. Lincoln during the inaguration exeries of March, 1865. Every precaution was taken baffle the conspirators, though no clue had been blained as to who these were. Wilkes Booth was in Washington at the time.

Having known Mr. Johnson in Nashville, he called a him the day after Mr. Johnson's arrival here. during the exercises at the Capitol Booth was in the So certain were the antherities that an attempt to

WIDE SPREAD KNOWLEDE OF THE PLOT. One of the most singular matters brought to light by the investigation, is the fact that not only was the plot known in distant parts of the country, but, that it was understood who were to be the victims.
